

Vandenberg

Dive the USNS Hoyt S. Vandenberg from the M/V Spree

The M/V Spree is a 100-ft liveaboard based in Key West, FL

The USNS Gen. Hoyt S. Vandenberg found her final resting place on the sea floor a mere 5 miles from Key West FL. She rests on her keel in 140 fsw and rises to within 45 feet of the surface. The M/V Spree visits the Vandenberg on all charter itineraries. She's our last stop on the way home from the Dry Tortugas, or our only stop on Vandy weekend trips.

Photo by Chris Parsons

Charter price includes:

- All diving, tank rental, air or 32% nitrox, and weights
- Snacks and beverages while offshore
- Accommodations aboard for your last night in Key West
